

January 11, 2011

Dear Visiting Athletic Trainer,

On behalf of the Oregon State University Athletic Training Staff, I would like to welcome you to the 2011 Cathedral City Classic. We look forward to assisting you with your medical needs during your visit.

The athletic training area will be located at the center of the Big League Dreams Sports Park inside the large tent adjacent to the food court. The treatment center will be open two hours prior to each day's event start time. If you require access to the treatment equipment at any other time throughout the tournament, accommodations will be made as available.

During the tournament the following will be provided for you and your team:

<u>Dugout</u>	<u>Athletic Training Area</u>
Water	Moist Heat packs
Gatorade	Dynatron Combo unit
Cups	Taping Supplies
Ice	Basic OTC's
	Ice

In addition to these supplies, emergency equipment will be available in the treatment area and can be accessed throughout the duration of the tournament.

I have enclosed directions to Eisenhower Medical Center which is located 6 miles away from the Sports Park, and offers both Urgent Care and Emergency Services. This facility will be available for use for all purposes, as there will not be a team physician located on site. Be aware that you will be responsible transporting your Student-Athletes should they require additional medical services.

Please feel free to contact me if you have any further questions or require any assistance during the tournament.

Sincerely,

Alex Lipcius, ATC  
Oregon State University  
Graduate Assistant Athletic Trainer
